## **YOU ARE INVITED**

*Humanity & Haiti 2010 (H&H) is a program to make the bond between Haitians strong enough to meet Haiti's challenges.*

***LOVE is an action!!!***

***It is not enough for us to love Haiti.  
We must love her at the level of the problem.***

### **PROBLEM:**

The FOUNDATION of the Haitian people IS the Haitian bond. The problem is that at present this bond is not strong enough, and as a consequence, we are unable to access our *collective will*, or collective power. We have not been able to do so adequately since our Independence.

### **SOLUTION:**

The solution is to build the bond: Do what our ancestors told us to do. Maintain unity! *The Union Makes the Force*. We can strengthen our connection by keeping *LeAyisyen* (Haitian time). *LeAyisyen* is a Haitian cultural clinic comprised of 5 community activities which promote our functioning from our core.\* The output of our efforts will be the healed mentality of the Haitian Global Community.\*\* The impact would be Haitians leading in the multi-billion dollar industry of humanity evolution.

### **Why H&H program?**

The present strategies being used to rebuild Haiti do not adequately address the MOST critical problem that Haiti is facing: Haitian mentality. We can correct that. The present application of cultural identity politics is both clinically and culturally inadequate. We can correct that. The present economic structure to finance the needed community work is not sustainable. We can correct that.

**Our ancestors told us WHAT to do. H&H is showing us HOW.**

\*Core is the faculty which connects us not only with each other, but with the rest of the universe. \*\*We use Haitian Global Community as opposed to 'diaspora,' which may connote disbursement and aimlessness.
